IMPORTANT NOTICE

For Data Processing reasons, besides the item description, there is also a code number, subdivided in reference and variant.

• The reference portion identifies the item, the variant indicates the gradation, colour and packaging type.

• In order to process orders properly, please indicate, in case of direct orders, the complete code numbers of the items requested.

• The packaging represents the minimum order and is indivisible. The orders must therefore indicate the number of packages desired.

• The quantity of items included in the standard shipment cartons is also indicated. In order to get prompt deliveries, we recommend ordering only multiples of the standard cartons.
